

# CONCURRENT ENROLLMENT REQUEST APPLICATION

School District #25 allows concurrent enrollment for students who want to take a specific course that is not offered at their home school. (Courses not listed on HHS Course Offering Sheets) However, students and parents need to consider the time and travel issues very seriously before requesting this option.

**Students do not pre-register for these classes.** The registrar will contact the other school to see if space is available in the course requested, and will notify the student prior to school starting if scheduling is possible. Students are required to take a 2-period block of classes at the concurrent school to allow for travel between schools.

Because of the extra time required for enrollment and scheduling, approved students are expected make a commitment for one semester. Class changes will only be considered for extraordinary circumstances.

Student's Name: \_\_\_\_\_ Phone # \_\_\_\_\_

Class Requested: \_\_\_\_\_ @ \_\_\_\_\_  
(School)

Course to be dropped if approved: \_\_\_\_\_

I understand that when taking classes at either Century or Pocatello High Schools, the following circumstances apply:

- The student will be provided bus transportation by the district, however, the student will probably be a few minutes late because of time and distance.
- The student will take the elective class plus one additional class at the concurrent school.
- Absences must be cleared at both schools by the parent.
- Class changes will be considered only for extenuating circumstances and on a space available basis.
